GRAND JURY IS TO INVESTIGATE

Police Will Make Inquiry Into Raids
of Police Late Yesterday on
Eagles and Casey Rooms.

NO EVIDENCE OF A SALE

Police Admit This But Find Empty
Pint Bottles, Barrel of Bottled
Beer and Keg of Beer.

The box taken by the police in the raid yesterday afternoon on the rooms of Newton Casey, over the August Roth pool room, instead of containing a large jug of whiskey, as the police supposed, contained 144 empty half pint bottles. The box was opened at the jail and it was not until then that the police learned the contents. A barrel of bottled beer was also taken from the Casey rooms.

Following the raid on the Casey rooms the police visited the club rooms of the Fraternal Order of Eagles, 221 West First street, where they found a keg of beer on tap and eight or nine men participating in the party. The beer was not being sold and that there was nothing on which to base an arrest.

No arrests have been made in either of the cases and it was stated today that both would be investigated by the grand jury. The police admit that there was no evidence of a sale at either of the two places visited but at the same time say the 288 empty bottles found at the Casey place look suspicious as did the keg of beer at the Eagles. It was stated that the "evidence" obtained in the raids will be exhibited to the grand jury.

The search warrants for the raids were signed by Mayor Bebout and there was no apparent objection at either of the two places to the police going through and looking for liquor. The Eagles state that the keg of beer was given to them and that a sale was not made.

It was stated that some time ago the lodge purchased an electric piano and that the keg of beer was sent here by the man selling the piano to the lodge as an expression of appreciation for the lodge buying the instrument. The Eagles maintain that the beer was free and did not cost anyone except the man sending it here as a gift.

The theory of the police and the question to be decided is that the lodge was giving it away. The lodge has employed attorneys and in case

JAIL PRISONERS HAVE "BEER PARTY" ON FRUITS OF YESTERDAY'S RAIDS

Frank Butts, Who Was Working in
Corridor, Plays Bartender for "De
Gang" When Sheriff Leaves

BOTTLES HIDDEN IN BEDS

The life of a prisoner at the county jail is very monotonous at its best and the prisoners always welcome a change in the routine. A chance for the change came late yesterday afternoon. Sheriff Cavitt let Frank Butts, who is serving time for "boot-legging," out in the main corridor to do some cleaning, and while he was at work the police brought in the fruits of two raids, a keg of beer from the Eagles and a barrel of bottled beer from Newt Casey's home.

GRAND JURY CONVENES

Continues Investigation of Alleged
Theft of \$180.

The grand jury convened again today after a short vacation. A large number of witnesses were called by Prosecutor Stevens. The case against Omer Brown, held in jail charged with grand larceny was taken up. Brown appeared again before the grand jury and several men connected with the transaction that led to his arrest were called. Brown attempted to buy some fruit at a local store and gave a twenty dollar bill for the purchase. James H. Barrett, Frank Dimmento and Martin Kelley were among those called.

JESSIE ERTLE IS GRANTED A DIVORCE

Judge Sparks Acts on Case in
Which Evidence Was Submis-
ted Last Saturday.

MAIDEN NAME IS RESTORED

Judge Sparks this morning granted Mrs. Jessie Ertle a divorce from John P. Ertle and restored her maiden name of Jessie Posey. The case was heard last Saturday and the evidence taken under advisement by the court. Ertle did not appear in court against her and she obtained the decree upon the payment of the costs. She alleges cruel and inhuman treatment.

By agreement the court found for Keating, Leechey and McGurty against the estate of the late William L. Price. Judgment was awarded for the amount sued upon, \$492.70. The costs in the suit were taxed against the estate.

The court heard the argument on a demurrer in the case of the National Surety company against the board of commission and Adolphus Cameron this afternoon.

CITY PREPARES TO OIL STREETS

Council Empowers Committee to
Employ Engineer to Draw up
Plans and Specifications.

SAFE AND SANE FOURTH SURE

Plans and Specifications For Pav-
ing Second Street to Pennsyl-
vania Station Ordered.

Opposition to the proposed oiling of the streets in Rushville is growing in the city council and the latest member opposed to the city doing the work is E. A. Lee. Councilman Brann has already stated his position and is as strongly opposed as ever. When the question came up in council meeting last night to employ a civil engineer to draw up plans and specifications for the street oiling Councilmen Lee and Brann voted against it.

Councilman Lee stated that since the last meeting of the council there had been strong sentiment against the street oiling as done last year and he believed that the council should wait and see whether a majority of the people—the people who had to stand the bill—wanted the improvement. His position was that the plans and specifications would be an unnecessary expense if the council should decide not to go ahead with the oiling. The question was passed with Brann and Lee voting against it.

Councilman Brann asked the street committee what engineer they had in view and let the committee know that he favored the employing of a different engineer from the one last year. Councilman Brann stated that if necessary the committee should even go out of Rushville to get an engineer. "I believe that a Republican can be found who can do this work," said Mr. Brann, "and am in favor of employing one."

The street oiling ordinance will not be introduced until the plans and specifications are completed and from all indications it will have had sailing before the council. Brann is decidedly opposed to the oiling and Lee believes the sentiment is against it and as a two-thirds vote is necessary it is likely to fail.

Rushville will have a safe and sane Fourth of July this year as the fireworks ordinance was passed. The ordinance was read for the second time and advanced to third reading and final passage under suspension of the rules. Under the ordinance not even a fire cracker can be fired and it makes it unlawful for merchants even to sell them. The ordinance provides that a celebration can be staged by asking the city in writing for permission and then it will be conducted along sane line.

The paving of West Second street, from Beuna Vista avenue to the Pennsylvania railroad again came up last night, when Councilman Waggoner moved that the city engineer draw up plans and specifications for paving. The street committee is to employ an engineer. The question of paving this street came up last year but at that time the council did not believe the city was able to stand its expense of the paving and the matter was laid over until this year. Councilman Brann voted against the proposition, stating that he believed the city was yet unable to pay its part.

Former Councilman Ed Kelley and Arnold Orme appeared before the council in behalf of Mike Madden and explained a claim Madden has against the city. Under the Black administration Madden was employed to stay at the fire engine house and operate the engine in case of

SHOW UP IN THE DEATH COLUMN

Tuberculosis Cases Not Reported Al-
though They Should be, Dr. W.
S. Coleman Declares.

SPEAKS TO ASSOCIATION

Pictures Progress That Has Been
Made and Describes Methods
of Combating Disease.

Many phases of the fight against tuberculosis, means by which persons are infected and steps which have been made toward eradicating the disease were brought out at the meeting of the High School Parent-teachers association at the Graham school building last night. The meeting was addressed by Dr. Will S. Coleman, president of the Rush County Society for the Study and Prevention of Tuberculosis. Miss Mary Moore, visiting nurse, was unable to be present on account of sickness.

The last monthly report of the state board of health regarding the number of cases of disease reported and the deaths therefrom were read.

Dr. Coleman, at the beginning of his talk, commented on the very patent fact that there were more cases of other diseases reported because the law does not require that tuberculosis be reported. He pointed out, however, that it was in the death column that tuberculosis made the showing. He stated that there was a bill pending before the legislature compelling a report to be made on cases of tuberculosis and the quarantining of them.

Dr. Coleman said the death rate from tuberculosis all over the world was one out of every nine, but that in Rushville last year the rate was one out of every six, which, it will be seen, is very high. He said that the death rate here from this disease was not so high the year before and it was believed that it could be reduced again this year.

Dr. Coleman declared that since the tuberculosis bacilli had been discovered in 1881, a decrease of fifty per cent. in the death rate from the disease had been noted. He added, however, that the most intelligent class of people had been reached and that to cut down the remaining fifty per cent. would be a much greater effort and require more time and patience. Dr. Coleman said there had been a reduction of forty per cent. in the death rate in the New England states in the last decade.

"More is accomplished in the large cities," continued the physician, "because a greater effort is put forth and more money is expended than in the rural districts. Aside from the humanitarian standpoint, it is a matter of dollars and cents. It is better to keep a man alive so that he can support his own family than to allow him to die and make his family wards of the state."

Dr. Coleman told of the new methods in New York to eradicate the disease. Heretofore, he said, when a case of tuberculosis was found the patient was taken to the tuberculosis camp or hospital and the remainder of the family was left to shift for itself. Oftentimes, he said, other members of the family were infected and they later not only became sources of infection for others but also had to be treated.

Now the wholly family is taken to places where patients are treated and those who are able to work are allowed to do what they can. In this way many of the families are self supporting and in the end the disease is arrested in all of them and they become better citizens

NO POLICY IS OUTLINED

Bryan Silent on What America Will
do About War Zone.

(By United Press.)

Washington, Feb. 17.—What protection, if any, this government intends to give the 1,000 Americans heading into Germany's forbidden war zone or what it will do to shield future passengers and commerce was this afternoon a diplomatic secret Secretary Bryan himself declined to outline any policy nor would he indicate whether his silence was due to the fact that this afternoon Germany's answer to American's war zone protest had not arrived.

DIRECT PRIMARY ISSUE IS DRAWN

Senator Kern Wires Senator Ballou
Bill Type of Jones-Rinear
Measure Should be Passed

STATES REASONS FOR STAND

(By United Press.)

Indianapolis, Ind., Feb. 17.—When Senator Ballou gave out today a telegram from Senator Kern in Washington giving his reasons why the legislature should enact a state-wide, direct primary law of the type of the Jones-Rinear bill the issue was brought directly to the senate. Kern's demand that the Jones-Rinear bill pass has made this the biggest issue of the session. His telegram follows:

"Honorable O. L. Ballou,
State House, Indianapolis.

"Impossible for me to leave here. Hope Democratic legislature will enact primary law. Indiana's splendid Democratic governor recommends it; the greatest Democratic president since Jackson urges it; Bryan, the best loved American Democrat advises it; two Democratic state conventions have pledged the honor of the party that it shall be passed. Is it possible that the will of a quarter of a million Democrats shall be thwarted by a few men? That is the supreme issue. Vastly more important than any one piece of legislation."

"JOHN W. KERN."
The senate committee last night marked for indefinite postponement the Rinear direct primary bill, which is a duplicate of the Jones bill before the house. All members of the committee except one signed the report.

STORM CENTER SHIFTING

Ship Purchase Bill Moves Over to
Senate Today.

(By United Press.)

Washington, Feb. 17.—The storm center of the ship purchase fight shifted along new lines today from the senate to the house.

Following passage early this morning by the house, 215 to 131, of the compromise administration bill under a "gag" rule, a new campaign was instituted by senate Democrats.

Revolutionary and unprecedented "strong arm" methods it was rumored, might be resorted to to cholor-form the opposition, regardless of senate rules before the week ends.

HOUSE GIVES BILL A CHANCE

Passes Measure For Direct Primary

ing an Amendment.

SENATE FUSSES ABOUT IT

SENATE KILLS PRIMARY BILL.

(By United Press.)

Indianapolis, Ind., Feb. 17.—The senate late this afternoon voted 23 to 21 to adopt the report of the elections committee indefinitely postponing the Rinear primary measure, thus killing the bill.

Indianapolis, Ind., Feb. 17.—The state-wide, direct primary was given a fighting chance by the house today when the Jones bill was passed to third reading. An amendment by Jones to make the bill conform in detail to the Democratic pledge was adopted unanimously.

The senate was expected to vote late this afternoon on the motion to adopt the unanimous committee report killing the Rinear bill which is an identical bill. Jones will continue to press his bill regardless of senate action.

While the house was very friendly and acted quietly friends and foes of the senate bill locked in vigorous debate for two hours before noon and continued the argument this afternoon.

When the bill reached the house on divided committee report Representative Niblack asked that it be sent to third reading so that the issue may be fought out on final passage. Representative Jones then explained his bill and offered the amendment which fixed the state convention before instead of after the primary. There was practically no opposition to the adoption of the favorable report.

Rinear of Bluffton opened the senate fight.

"Let the people vote for what they want. Are you afraid to trust them? I am not. We should not break the platform pledge and I protest against the action of the committee."

Senator Chambers of Newcastle said that as far as the pledge was concerned if it was broken the senate would only be following the example of Senator Kern and the Washington administration.

"The resolutions of the convention was brow-beaten by letters from Washington into including the primary plank," asserted Senator Hazen, of Booneville.

"The tricky Republicans can refer

The Charm Of the Face Veil

Every woman knows that a veil on the hat is as great a lure to the face as is a fan to dainty hands.

The most fascinating of trifles of adornment is to-day of great importance to the costume.

While veils of all descriptions are being worn, the bordered veil, that stands away from the small hat is greatest in popularity, and there is no question but what it adds that indescribable "touch" so noticeable in the smartly groomed woman.

A large assortment of veils is being displayed in the best stores in town, and these stores are advertising regularly in the columns of The Daily Republican.

ONE WEAK SPOT

Many Rushville People Have a Weak Part and Too Often It's the Back.

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist.

Dull aching keeps up, day and night.

Backache is often from weak kidneys. In such cases a kidney medicine is needed.

Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills. Good proof of merit in the following statement.

Hiran Whalen, R. R. No. 1, Circleville, Rushville township, says: "Doan's Kidney Pills are a fine remedy and we always keep them in the house. I had pains in my back, that made it hard for me to straighten after stooping and my kidneys caused me a great deal of trouble. Doan's Kidney Pills stopped the pains and aches and regulated the kidney action."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Whalen had. Foster Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

Senator Robinson, Republican leader, read the Democratic platform plank for direct primary without comment.

"I am very tired of this talk about an overwhelming sentiment for the direct primary," said Senator VanAuken, chairman of the elections committee, in explaining the unanimous report of the committee.

"I sent open letters to every paper in my district asking for letters on the primary and I got only two favorable replies."

He asked that the senate kill the bill at once "because all of you know there aren't enough votes here to pass it."

Senator Ballou made a fervid speech for the bill. He also paid a tribute to Thomas Taggart saying the leader would not oppose the bill if he saw it from the viewpoint of being their pledges at the people. He said Taggart's reputation was based on his integrity.

GRAIN SLUMPING AGAIN

May Wheat is Two and Three-Quarters Cents Lower.

Chicago, Feb. 17.—Grain prices slumped on the stock exchange here today. May options on wheat showed a loss of two and three-quarters cents, closing at \$1.60 per bushel, and July option were quoted at \$1.32 1/8 at the close, a loss of four and one-quarter cents. May corn closed at .77 1/2 cents, a loss of one and one-half cents, and July corn at .79 1/8 cents, a loss one and five-eighths cents. May oats was quoted at the close at .59 1/2 cents and July at .55 1/2 less respectively of one cent and one and three-quarters cents.

EVEN MOON WON'T BE FULL IN LENT

World's Lantern Bearer Takes Pledge For This Month and Will Stay Sober For Once.

FULL TWICE IN JANUARY

Even the man in the moon has caught the Lenten spirit this month and will postpone his monthly spree. He won't be full in February. He was full last on Jan. 30 and is scheduled to repeat March 1, but as for February he has taken the pledge.

This remarkable act is unusual for the world's lantern-bearer. It may be accounted for by the fact that he was full twice in January, getting a very bad start New Year's day. The weather observations of the unlucky reveler predicts he will have two sprees in March.

History shows that the man in the moon hasn't sworn off even temporarily since 1866, which was said at that time to have been the first since the dawn of creation and was prophesied would be the last time for a million years. His repetition of the total abstinence vow so soon after the first trial and subsequent fall is encouraging evidence that the universe is becoming better.

CLAIM SWEEPING SUCCESS

Austrians Win Victories in Carpathians and Bukovina

(By United Press.)

Vienna, (Via Berlin and London, By Wireless), Feb. 17.—In an official statement issued today the Austrian government claimed sweeping successes in the Bukovina and Carpathian battles.

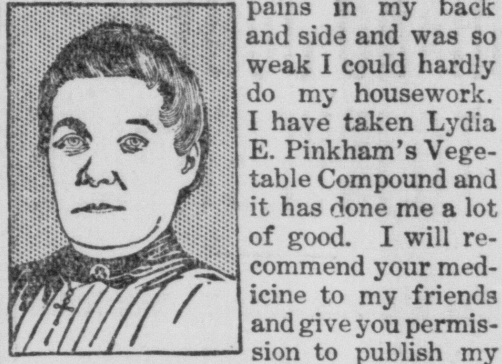

In Poland and Galicia the report says, only artillery conflicts are now in progress. In the Carpathians the fighting continues without cessation despite the fact that the ground is covered with two feet of snow. Several day and night attacks by the Russians have been repulsed with heavy losses and 400 prisoners have been taken.

WOMEN FROM 45 to 55 TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me. — "I was passing through the Change of Life and had

pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial."

— Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis. — "At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I was to thank you for my continued good health ever since." — Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by rebuilding the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Democratic Practice.

The statement of the Ralph W. Moss, a member of the Indiana congressional delegation in Washington explaining why he voted against the Democratic majority in applying the "gag" rule to shove the compromise ship purchase bill down the throat of the opposition, hardly needs comment because it is so enlightening. The Democratic majority is now practicing as Mr. Moss points out, even in greater degree, what the

Democrats charged the Republicans with. But read it:

"I traveled up and down my district and from every stump denounced Cannonism and gag methods in the House of Representatives, and I simply will not stultify myself by voting for a rule like this, which is the most extreme instance of the exercise of brutal power over the minority that I ever have known. As a strong-arm proceeding it caps the climax. Nothing like it ever occurred under Cannon rules, bad as those rules were. Here it is proposed to pass a bill which never has been introduced in the House, never has been referred to or considered by a committee of the House, to put it through under whip and spur with only six hours' debate. Cannon would blush to do such a thing. As for myself, I am not going to denounce gag rule when the Democrats are out of power and then help to put such a throttle on the minority when the Democrats are in power."

Read This Letter:
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect. Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

GAMBLING BILL CAUSES STIR

State Awakes to Fact That Betting May be Legalized Here for at Least Two Years

IS EXPLAINED BY AUTHOR

Machines Do Away With Book Makers and Public Determines Odds—Ministers Protest

(By United Press.)

Indianapolis, Feb. 17.—Following the action of the senate in quietly passing the Hirsch bill allowing gambling on the races and the statement from the Governor's office in which it was intimated that if this bill passed the house it might be vetoed, the state suddenly awoke to the fact that within a very few days its representatives would decide for two years at least whether gambling is to have the sanction of the state of Indiana.

Ministers in various cities generally denounced the bill before their congregations Sunday. Dr. Haines, pastor of the First Presbyterian church here, declared that the Hirsch bill will establish "summer schools for gambling in every county of the state."

The form of betting allowed by the bill is called the pari-mutual system, and is not generally understood in Indiana. The United Press obtained from Senator Hirsch his defense of the bill and his explanation of what the pari-mutual system is.

"The purpose of this bill is to provide for and regulate pool selling at horse races. We propose to do this through the appointment of a commission. The idea is to restore racing in this state to the high plane that it now occupies in such states as Kentucky, Maryland, New York, Colorado and Louisiana and other states," said Senator Hirsch.

"The racing commission would have power to revoke licenses where in their judgment races were not being conducted properly."

Hirsch was asked more definitely about the Pari-mutual, or Paris Mutual machine as it is variously called:

"The Paris Mutual machine is made up of complicated computing pinions and gears that compute decimals," he said. "The human factor is entirely eliminated. There is nothing more deceptive than the bookmakers' chalk. The machines can neither cheat or lie, while book-makers have been known to do both. All who bet place their money in a pool and the holders of first, second and third place tickets receive the pool, less a small percentage for the association conducting the race.

"Posting odds representing the arbitrary opinion of the bookmaker and professional gambler are wholly eliminated. The public thus actually determines favorites and relative choices on the basis of past performances."

Hirsch said his bill has the endorsement of the president of the county fair association, of the superintendent of State Fair Association, of a great number of the best business men of the state and of the breeders of fine horses generally. He outlined some of the results he said would come. He said it would restore horse racing to its former popularity, would tremendously encourage breeding of thoroughbred horses and popularize the county fairs and would insure absolutely fair racing.

FIGHT EXPECTED ON DWELLING BILL

Measure to Give Health Authorities Control Over Single Houses up This Afternoon.

PROVISION OF THE BILL

(By United Press.)

Indianapolis, Feb. 17.—Friends of the Clarke "anti-death trap" bill, which already has passed the senate, expected a fight would be made on it when it came up this afternoon as a special order of business. It was postponed to today on motion of Rep. Branaman when it came up recently for passage.

The bill, which originated with Mrs. Albion Fellows Bacon, housing reformer of Evansville, gives health authorities wide powers over single dwellings. It provides that whenever any dwelling or anything about a dwelling, or the lot upon which it is located, or its plumbing, light, or ventilation, is, in the opinion of the health authorities, in a condition dangerous to the health, they may order such changes as they deem necessary. The health authorities may order the building vacated if they think the danger serious. If the local health authorities fail to act, the state board of health may act.

Appeal could be taken to court from the order of the health authorities, but no injunction could be issued until after notice to the health authorities and hearing.

On Saturday, February 20, the administrators of the estate of Harrison Nelson will sell 9 horses, and mules, 45 cattle, 28 hogs, 76 sheep, 4,000 bushels corn, 30 tons hay, and all kinds of farming tools and implements, 1½ miles southwest of Arlington. 289t6

Charles S. Clifton, Jacob J. Clifton, Alva C. Ward, Julia Turner, Roy Clifton, Clement L. Poston, Sarah E. Stevens, Margaret L. Jarrett, Robert N. Hinchman, The Pittsburgh, Cleveland, Cincinnati, Chicago & St. Louis Ry. Company, Union Civil Township, Rush County, Indiana.

To Charles S. Clifton, Jacob J. Clifton, Alva C. Ward, Julia Turner, Robert N. Hinchman, Roy Clifton, Clement L. Poston, Sarah E. Stevens, Margaret L. Jarrett, The Pittsburgh, Cleveland, Cincinnati & St. Louis Ry. Co., Union Civil Township, Rush County, Indiana.

You are hereby notified that the undersigned petitioners have filed in the office of the Clerk of Rush Circuit Court, a petition asking for drainage of certain real estate in Union township, Rush County, Indiana. It is believed that said drainage can be best and most cheaply accomplished by a ditch and drain beginning at or near a point on the south line and midway east and west the east-betw. acres, the southeast and southwest corners of the west half of the northwest quarter of Section 23, Township 14, north, Range 10, east, proceeding thence in a northerly direction across said half quarter section and extending on across the west half of the southwest quarter of Section 14, Township 14, north, Range 10, east; thence extending on across the west half of the northwest quarter of Section 14, Township 14, north, Range 10, east, to Turkey Creek, which is a natural water course running in an east and west direction across said last described tract of land.

That said drain will affect the following described tracts of land in said County and State, which are herein described with the names of the owners set opposite thereto:
Eva Frazee—The south half of the west half of the northwest quarter of Section 23, Township 14, north, Range 10, east—40 acres. The north half of the west half of Section 23, Township 14, north, Range 10, east—40 acres. The north half of the west half of the southwest quarter of Section 23, Township 14, north, Range 10, east. Also the south half of the east half of the northeast quarter of Section 22, Township 14, north, Range 10, east—20 acres.

Herschel E. Daubenspeck and Clarence B. Daubenspeck—Commencing at the southwest corner of Section 14, Township 14, north, Range 10, east, running thence east 43 rods and 5 feet; thence north 75 rods and 13 feet to the railroad right of way; thence in a southeasterly direction along said right of way 59 rods and 6 feet; thence south 84 rods and 12½ feet to the place of beginning.

Joseph S. Vandament—The north half of the west half of the southwest quarter of Section 14, Township 14, north, Range 10, east. The north half of the east half of the southwest quarter of Section 13, Township 14, Range 10—40 acres. Part of the east half of the south half of the west half of the southwest quarter of Section 14, Township 14, Range 10—20 acres.

Arthur Looney—The north half of the west half of the southeast quarter of Section 23, Township 14, Range 10—40 acres. Also the south half of the west half of the southeast quarter of Section 23, Township 14, Range 10—40 acres.

William M. Blackledge—The south half of the west half of the northeast quarter of Section 23, Township 14, Range 10—40 acres. The north half of the west half of the northeast quarter of Section 23, Township 14, Range 10—40 acres.

Claude B. Hunt and Theodosia Hunt—The north half of the east half of the northeast quarter of Section 22, Township 14, Range 10—40 acres.

Charles S. Clifton, Jacob J. Clifton, Alva C. Ward, Julia Turner, Roy Clifton, Sarah E. Stevens, Margaret L. Jarrett, Clement L. Poston—The north half of the east half of the southwest quarter of Section 23, Township 14, Range 10—40 acres. Also the south half of the east half of the northwest quarter of Section 23, Township 14, Range 10—40 acres. Also the north half of the east half of the northwest quarter of Section 23, Township 14, Range 10—40 acres.

You are hereby notified that said petition will be docketed for hearing on the 10th day of March, 1915.

Dated this 11th day of February, 1915.

Freddie Welsh Continues to Take
Whippings From American
Battlers Over Short Routes

BY HAL SHERIDAN
(Written for United Press.)

New York, Feb. 17.—How many more times does Freddie Welsh, the British holder of the lightweight title have to be licked by American aspirants before he loses his crown? Easy. Just as many more times as the public will shove its ducats through the box-office window to watch ten round no-decision affairs.

Up to date the Englishman has been whipped, in the opinion of the experts by four American contenders for his title. Yet the crown rests with him. Charles White walloped him in Milwaukee, Joe Shugrue has beaten him, Jimmy Duffy outpointed him in Buffalo and Johnny Griffiths outfought him in Akron, O. And there is a strong suspicion in many quarters that there are two or three more Yankee battlers who could give him the gate particularly Willie Ritchie, whom he uncrowned and whom he is matched to fight next month and Johnny Dundee.

Welsh has now been a champion almost a year. And he never has fought a decision fight since he won the title.

He has fought plenty of battles, but he and his manager, H. Connolly Pollack, are shying away from any distance jaunts where a decision is involved. Why? Is it because they know the Welshman is not a real champion?

Jack Dillon, the Indianapolis "man-killer," should be in line for several more good bouts in the East. His last appearance was against Porky Flynn in Brooklyn and he fully demonstrated that he is entitled to the voracious names he has had conferred on him. Dillon hasn't been very popular in these parts for some years. It was all due to a rotten show he put on here with Frank Klaus, but it is almost forgotten, now and loud was the praise of the Hoosier battler following the Flynn battle.

Dan McKetrick is making much out of the fact that his man Young Ahearn, was awarded a popular decision over the Indiana boxer in a six round joust in Philadelphia. He is using it in his publicity propaganda freely.

fire while the water plant was shut down for repairs. His bill as handed over to this city under the "riders" of the Black administration called for \$130 and \$20 room rent.

The present council can find no record where Madden was ever employed and Mr. Kelley and Orme told the council the circumstances. He was to get \$60 a month and the council to pay his room rent. The present council has never been able to figure out how Madden had \$130 coming when he was working less than two months. It is understood that he is willing to take an amount equal to two months pay. No action was taken.

Bond coupons falling due and the report of the city treasurer on the amounts occupied the attention of the council for over an hour. It was found as usual that in several instances the amounts due from the streets have not been paid in and the city has refused to pay the money out for the coupons unless the amounts are in the fund.

The finance committee reported

Rushville Quintet Will Meet Fair-
view Here Friday Night and
Connersville Next Week.

DISTRICT TOURNAMENT SOON

The schedule of the Rushville high school basketball team is drawing to a close. There are just four more games on the schedule, two of which will be hard ones, before the district tournament at Richmond to decide what team shall represent this district at the state tournament Bloomington.

Friday night the quintet will play the Fairview high school five. A good game is certain because Fairview has won five games—all they played—this season, and in one they defeated Arlington 60 to 12. The Fairview aggregation was organized late in the season. The game will start at seven-thirty and there will be no curtain raiser.

Saturday night Rushville will go to Carthage for a game and next Wednesday night, a week from tonight, Connersville will be met here. Connersville won from Rushville on Connersville's floor, but Rushville does not think it can be done again. The following Friday night Rushville will play Shelbyville at Shelbyville and Friday and Saturday of the next week the district tournament will be held.

the city treasurer's report for the month of January had been audited and found correct.

A representative of the Studebaker company was present and talked to the council about a new water wagon. The council is strongly in favor of buying a flusher. The flusher could be used as a sprinkler in case of necessity and when the weather permitted would be used to clean the streets. No action was taken.

The police committee was given power to employ another police and reported that Arthur Yakey would take the position starting March 1.

The committee believed that the time of year was coming when another man was needed. Yakey has acted as special policeman on several different occasions. He is well known and was formerly a conductor on the I. & C.

An ordinance appropriating \$131.59 to pay some old claims was passed.

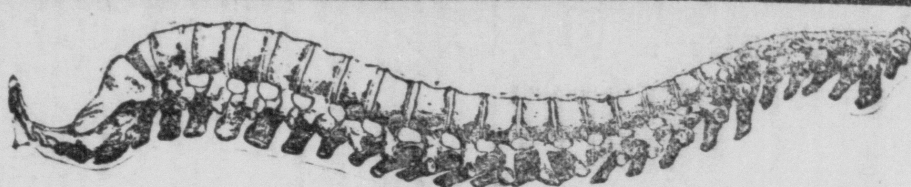

OPEN NOSTRILS! END
A COLD OR CATARRH

How To Get Relief When Head
and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

Don't Pass Up the Comforts and Pleasures of Life

You have seen the museum mummy—take a hunch from him. He hasn't had any pleasure for over 5,000 years. He had his opportunity—did he get his share? Do you? Buy what you need and make life a pleasure to yourself and family. There will come a time when you can't. Ask the mummy, he knew once—did he enjoy life to the full extent as it was intended for him to do? He won't answer—it's up to you. For instance, if you need a New Storm Buggy or any other kind of a buggy, why don't you buy it and buy it now? We have plenty of them and we want to sell them. We have every style that was ever made, all colors of paint, all kinds of combinations. The man that deprives himself of all these comforts of life may leave a bigger tombstone to mark the hole he is finally forced to crawl into but he is a mummy all the years of his life. So get busy, buy yourself a buggy, buy the boy a buggy and get what pleasure you can out of life now. Next year may be too late. Don't forget our Opening on March 12-13. Come in and have a good time with us and don't forget to buy what you need to make life worth while. You will be a mummy soon enough.

Physically and Mentally Worn Out—Tells How Nervous and Crying Spells Were Ended by Vinol.

Monmouth, Ill.:—"I was weak, worn-out and nervous. I had no appetite and was getting so thin and discouraged, one day I just broke down and cried when a friend came in and asked me what was the matter. I told of my condition and how nothing I took seemed to do me any good. Vinol was suggested. I got a bottle and before it was half gone I could eat and sleep well. I continued its use and now my friends say I look ten years younger, and I am well, healthy and strong. I wish I could induce every tired-out, worn-out, nervous woman to take Vinol."—Mrs. HARRIET GALE, Monmouth, Ill.

There are many over-worked, tired-out careworn, nervous women in this vicinity who need the strengthening, tissue building, and vitalizing effects of Vinol, our delicious cod liver and iron tonic, and so sure are we that it will build them up and make them strong that we offer to return their money if it fails to benefit.

Vinol is a delicious preparation of the extract of cod liver oil and peptonate of iron and contains no oil. F. B. Johnson & Co., Druggists, Rushville, Ind., and at leading drug stores everywhere.

than they were before the treatment. Dr. Coleman said that the county tuberculosis hospitals, provided for in a law passed by the last legislature, were not proving satisfactory because tuberculosis patients could not be induced to go into them for treatment. He said the one at Terre Haute was to be closed in the spring and that the visiting nurse system would be used instead. After all, he declared, this system was the best for the rural communities.

Dr. Coleman said the greatest difficulty those working to rid the country of the disease found was the disinterested attitude of the people. He recalled that nearly everyone avoids reading or hearing about the disease because it is unpleasant. He said some persons afflicted would take the advice and follow it so they could recover but that so many persons disregarded the proper methods to be used. He told of one man in Rushville who was told he had the disease but who thought he would get along better by drinking whiskey. He drank whiskey and now he is ready to die. Dr. Coleman recalled another Rushville man who has been afflicted with the disease for some time and allows his baby to be with him all the time. Dr. Coleman said that man could not be made to understand that his baby was sure to be infected.

Dr. Coleman said there was another phase of the work—social service—which goes hand in hand with the fight against tuberculosis. The people who are most commonly afflicted with tuberculosis, he said, must be taught to live better and must be shown how to care for the sick. Dr. Coleman said that not more than one-fifth of the time of the visiting nurse here was taken with tuberculosis patients.

Dr. Coleman said there was a plan under way in Richmond to furnish a doctor and nurse free with each case of tuberculosis. Practically the same thing is in effect here, Dr. Coleman said, because there is a visiting nurse and a doctor can always be obtained even if it is a charity case. He recalled that a great majority of the tuberculosis patients were charity cases because the disease exists more often in families where proper living standards are not observed.

In answer to the question, is there tuberculosis in the schools? Dr. Coleman said there was, of course, but that it was seldom recognizable in children. He said it had been determined that most infection comes in childhood and the disease may not reveal itself until the child is grown and the vitality is lowered by some other disease. Dr. Coleman cited local examples of this.

Dr. Coleman spoke briefly in reply to a question, of methods of infection. He said infection was believed to come more frequently from food supply. Food we eat, he said, might be handled by someone with tuberculosis. Dr. Coleman said the idea was about exploded that there was any danger in dust.

He laid down the rules for correct living as the best way to prevent as well as heal the disease. They were proper nourishment, proper rest and plenty of fresh air.

LENTEN SEASON IS HERE TODAY

Beginning Today Ash Wednesday, Catholics Will Observe Lent, Ends Easter Sunday, April 4.

RULES LAID DOWN BY CHURCH

Members Over Twenty-One Years and Under Sixty Years Are Required to Fast.

Today, Ash Wednesday, ushered in the Lenten season, which continues for forty days—not counting Sundays—until Easter Sunday, which this year falls on the first Sunday in April, the fourth. During Lent members of many churches refrain from many pleasures which they ordinarily enjoy.

Among devout church-goers during Lent, no formal entertainments are given or attended, all frivolity is avoided and self-denial in the matter of eating is practiced. The observance of Lent dates from Apostolic times and was instituted in memory of the forty days of the Lord's fasting.

The ancient ceremony of distributing the ashes of penance was observed in St. Mary's Catholic church this morning and will be repeated this evening. The sign of the cross is made with ashes upon the forehead of each person and these words pronounced: "Remember man that thou art dust and unto dust thou shalt return."

The custom is a very old one, continuing, of course, the Old Testament practice. During Lent there will be special services at St. Mary's church on Wednesday and Friday evening; on Wednesday an instruction in some doctrinal subject and on Friday the Way of the Cross will be followed.

St. Mary's church has received the regulations to be followed during the period which were issued by Bishop Francis Silas of the Indianapolis diocese. They were read Sunday and are as follows:

1. All the faithful over twenty-one and under sixty years of age are, unless legitimately dispensed, bound to observe the fast of lent.
2. They are to take but one full meal a day Sundays excepted, which meal should be taken about noon.
3. Both fish and flesh are not to be used at the same time, even by way of sauce or condiment, Sundays included.

4. A collation is allowed in the evening. No general rule as to the quantity of food permitted at this time is or can be made; but the practice of the most regular Christians is never to let it exceed the fourth part of an ordinary meal.

5. The use of butter, eggs, cheese and milk at the evening collation, where this is the custom, is tolerated by the church on account of the existence of such custom. For the same reason it is lawful to take with a cracker, in the morning, a cup of tea, coffee or thin chocolate, with a little milk.

6. The use of lard instead of butter is permitted in preparing fish, vegetables, and the like.

7. The following are exempted from the obligation of fasting: Young persons under twenty-one years of age; those who have completed their sixtieth year; the ill; pregnant women or those nursing infants; persons who are obliged to labor hard, and all who, through weakness, can not fast without injury to their health.

8. By dispensation, the use of flesh meat is allowed at any time on Sundays and once a day on Mondays, Tuesdays, Thursdays and Saturdays, except on Saturdays of Ember week and on Saturdays of Holy week.

9. Persons who are exempted or legitimately dispensed from the obligation of fasting are not bound by the restriction of using meat only at one meal on the days on which its use is granted by dispensation.

10. The Holy See, by an indult of March 15 1908, empowered the bishops for ten years to grant to manual laborers, if, in their judgment, circumstances call for it, a dispensa-

tion from abstinence on all days in lent or out of it, except on all Fridays during the year, on Ash Wednesday in Holy week and on Christmas eve. This permission also extends to all the members of the families of such manual laborers. Those however, who are bound to fast can eat meat only once a day, on fast days and must not use at the same meal meat and fish or oysters. Those thus exempted we exhort to some spiritual work; for example, saying the third part of the Rosary on days when they do not abstain, or giving alms to the poor, or mortifying themselves by not drinking what they might rightly use.

DIES AT AGE OF FOUR SCORE YEARS

Ralph Shelton, Father of Former Trustee Jesse Shelton of Walker Township, Expires.

BORN AND REARED IN COUNTY

Ralph Shelton, 80 years old, a well known resident of this county, died Tuesday morning at the home of his son, Jesse A. Shelton, in Manilla. Mr. Shelton had been ill for about one week suffering from pneumonia. His death came unexpectedly to his friends as it was not known he was in a critical condition.

Mr. Shelton was born in Posey township and lived there for sixty years. He celebrated his eightieth birthday the first day of last October. He had lived in Walker township for twenty years and since the death of his wife, August 24, 1914, he had lived with his son, who is the only surviving child. Mr. Shelton was a member of the Christian Union church.

The funeral services will be conducted Thursday morning at ten-thirty o'clock at the late residence by the Rev. James L. Brown and burial will take place in East Hill cemetery, Arlington.

AUTOS COLLIDE.

The automobiles driven by Harry Trabue, of this city, and Ed Jackson, of near Raleigh, collided yesterday afternoon at the corner of Eighth and Main streets but the occupants of the machines escaped injury. Trabue was going west in Eighth and Jackson south in Main street when they collided. The fenders of both machines were badly smashed.

GRAND JURY IS TO INVESTIGATE

Police Will Make Inquiry Into Raids
of Police Late Yesterday on
Eagles and Casey Rooms.

NO EVIDENCE OF A SALE

Police Admit This But Find Empty
Pint Bottles, Barrel of Bottled
Beer and Keg of Beer.

The box taken by the police in the raid yesterday afternoon on the rooms of Newton Casey, over the August Roth pool room, instead of containing a large jug of whiskey, as the police supposed, contained 144 empty half pint bottles. The box was opened at the jail and it was not until then that the police learned the contents. A barrel of bottled beer was also taken from the Casey rooms.

Following the raid on the Casey rooms the police visited the club rooms of the Fraternal Order of Eagles, 221 West First street, where they found a keg of beer on tap and eight or nine men participating in the party. The beer was not being sold and that there was nothing on which to base an arrest.

No arrests have been made in either of the cases and it was stated today that both would be investigated by the grand jury. The police admit that there was no evidence of a sale at either of the two places visited but at the same time say the 288 empty bottles found at the Casey place look suspicious as did the keg of beer at the Eagles. It was stated that the "evidence" obtained in the raids will be exhibited to the grand jury.

The search warrants for the raids were signed by Mayor Bobout and there was no apparent objection at either of the two places to the police going through and looking for liquor. The Eagles state that the keg of beer was given to them and that a sale was not made.

It was stated that some time ago the lodge purchased an electric piano and that the keg of beer was sent here by the man selling the piano to the lodge as an expression of appreciation for the lodge buying the instrument. The Eagles maintain that the beer was free and did not cost anyone except the man sending it here as a gift.

The theory of the police and the question to be decided is that the lodge was giving it away. The lodge has employed attorneys and in case

GRAND JURY CONVENES

Continues Investigation of Alleged
Theft of \$180.

The grand jury convened again today after a short vacation. A large number of witnesses were called by Prosecutor Stevens. The case against Omer Brown, held in jail charged with grand larceny was taken up. Brown appeared again before the grand jury and several men connected with the transaction that led to his arrest were called. Brown attempted to buy some fruit at a local store and gave a twenty dollar bill for the purchase. James H. Barrett, Frank Dimmento and Martin Kelley were among those called.

JESSIE ERTLE IS GRANTED A DIVORCE

Judge Sparks Acts on Case in
Which Evidence Was Submitt-
ed Last Saturday.

MAIDEN NAME IS RESTORED

Judge Sparks this morning granted Mrs. Jessie Ertle a divorce from John P. Ertle and restored her maiden name of Jessie Posey. The case was heard last Saturday and the evidence taken under advisement by the court. Ertle did not appear in court against her and she obtained the decree upon the payment of the costs. She alleges cruel and inhuman treatment.

By agreement the court found for Keating, Lechey and McGurty against the estate of the late William L. Price. Judgment was awarded for the amount sued upon, \$402.70. The costs in the suit were taxed against the estate.

The court heard the argument on a demurrer in the case of the National Surety company against the board of commission and Adolphus Cameron this afternoon.

HAD CLOSE CALL.

Clyde Kitchen, a well known farmer of Richland township, had a narrow escape from serious injury, Monday while visiting in Alexandria. The touring car in which Kitchen, Harry L. Moore and Richard Kitchen were riding skidded from the road into a ditch. The car barely missed a telephone pole as it plunged into the ditch.

CITY PREPARES TO OIL STREETS

Council Empowers Committee to
Employ Engineer to Draw up
Plans and Specifications.

SAFE AND SANE FOURTH SURE

Plans and Specifications For Pav-
ing Second Street to Pennsyl-
vania Station Ordered.

Opposition to the proposed oiling of the streets in Rushville is growing in the city council and the latest member opposed to the city doing the work is E. A. Lee. Councilman Brann has already stated his position and is as strongly opposed as ever. When the question came up in council meeting last night to employ a civil engineer to draw up plans and specifications for the street oiling Councilmen Lee and Brann voted against it.

Councilman Lee stated that since the last meeting of the council there had been strong sentiment against the street oiling as done last year and he believed that the council should wait and see whether a majority of the people—the people who had to stand the bill—wanted the improvement. His position was that the plans and specifications would be an unnecessary expense if the council should decide not to go ahead with the oiling. The question was passed with Brann and Lee voting against it.

Councilman Brann asked the street committee what engineer they had in view and let the committee know that he favored the employing of a different engineer from the one last year. Councilman Brann stated that if necessary the committee should even go out of Rushville to get an engineer. "I believe that a Republican can be found who can do this work," said Mr. Brann, "and act in favor of employing one."

The street oiling ordinance will not be introduced until the plans and specifications are completed and from all indications it will have hard sailing before the council. Brann is decidedly opposed to the oiling and Lee believes the sentiment is against it and as a two-thirds vote is necessary it is likely to fail.

Rushville will have a safe and sane Fourth of July this year as the fireworks ordinance was passed. The ordinance was read for the second time and advanced to third reading and final passage under suspension of the rules. Under the ordinance not even a fire cracker can be fired and it makes it unlawful for merchants even to sell them. The ordinance provides that a celebration can be staged by asking the city in writing for permission and then it will be conducted along sane line.

The paving of West Second street, from Beuna Vista avenue to the Pennsylvania railroad again came up last night, when Councilman Waggoner moved that the city engineer draw up plans and specifications for paving. The street committee is to employ an engineer. The question of paving this street came up last year but at that time the council did not believe the city was able to stand its expense of the paving and the matter was laid over until this year. Councilman Brann voted against the proposition, stating that he believed the city was yet unable to pay its part.

Former Councilman Ed Kelley and Arnold Orme appeared before the council in behalf of Mike Madden and explained a claim Madden has against the city. Under the Black administration Madden was employed to stay at the fire engine house and operate the engine in case of

SHOW UP IN THE DEATH COLUMN

Tuberculosis Cases Not Reported Al-
though They Should be, Dr. W.
S. Coleman Declares.

SPEAKS TO ASSOCIATION

Pictures Progress That Has Been
Made and Describes Methods
of Combating Disease.

Many phases of the fight against tuberculosis, means by which persons are infected and steps which have been made toward eradicating the disease were brought out at the meeting of the High School Parent-teachers association at the Graham school building last night. The meeting was addressed by Dr. Will S. Coleman, president of the Rush County Society for the Study and Prevention of Tuberculosis. Miss Mary Moore, visiting nurse, was unable to be present on account of sickness.

The last monthly report of the state board of health regarding the number of cases of disease reported and the deaths therefrom were read.

Dr. Coleman, at the beginning of his talk, commented on the very patent fact that there were more cases of other diseases reported because the law does not require that tuberculosis be reported. He pointed out, however, that it was in the death column that tuberculosis made the showing. He stated that there was a bill pending before the legislature compelling a report to be made on cases of tuberculosis and the quarantining of them.

Dr. Coleman said the death rate from tuberculosis all over the world was one out of every nine, but that in Rushville last year the rate was one out of every six, which, it will be seen, is very high. He said that the death rate here from this disease was not so high the year before and it was believed that it could be reduced again this year.

Dr. Coleman declared that since the tuberculosis bacilli had been discovered in 1881, a decrease of fifty per cent. in the death rate from the disease had been noted. He added, however, that the most intelligent class of people had been reached and that to cut down the remaining fifty per cent. would be a much greater effort and require more time and patience. Dr. Coleman said there had been a reduction of forty per cent. in the death rate in the New England states in the last decade.

"More is accomplished in the large cities," continued the physician, "because a greater effort is put forth and more money is expended than in the rural districts. Aside from the humanitarian standpoint, it is a matter of dollars and cents. It is better to keep a man alive so that he can support his own family than to allow him to die and make his family wards of the state."

Dr. Coleman told of the new methods in New York to eradicate the disease. Heretofore, he said, when a case of tuberculosis was found the patient was taken to the tuberculosis camp or hospital and the remainder of the family was left to shift for itself. Oftentimes, he said, other members of the family were infected and they later not only became sources of infection for others but also had to be treated.

Now the wholly family is taken to places where patients are treated and those who are able to work are allowed to do what they can. In this way many of the families are self supporting and in the end the disease is arrested in all of them and they become better citizens.

NO POLICY IS OUTLINED

Bryan Silent on What America Will
do About War Zone.

(By United Press.)

Washington, Feb. 17.—What protection, if any, this government intends to give the 1,000 Americans heading into Germany's forbidden war zone or what it will do to shield future passengers and commerce was this afternoon a diplomatic secret. Secretary Bryan himself declined to outline any policy nor would he indicate whether his silence was due to the fact that this afternoon Germany's answer to American's war zone protest had not arrived.

DIRECT PRIMARY ISSUE IS DRAWN

Senator Kern Wires Senator Ballou
Bill Type of Jones-Rinear
Measure Should be Passed

STATES REASONS FOR STAND

(By United Press.)

Indianapolis, Ind., Feb. 17.—When Senator Ballou gave out today a telegram from Senator Kern in Washington giving his reasons why the legislature should enact a state-wide, direct primary law of the type of the Jones-Rinear bill the issue was brought directly to the senate. Kern's demand that the Jones-Rinear bill pass has made this the biggest issue of the session. His telegram follows:

"Honorable O. L. Ballou,
State House, Indianapolis.

"Impossible for me to leave here. Hope Democratic legislature will enact primary law. Indiana's splendid Democratic governor recommends it; the greatest Democratic president since Jackson urges it; Bryan, the best loved American Democrat advises it; two Democratic state conventions have pledged the honor of the party that it shall be passed. Is it possible that the will of a quarter of a million Democrats shall be thwarted by a few men? That is the supreme issue. Vastly more important than any one piece of legislation."

"JOHN W. KERN."

The senate committee last night marked for indefinite postponement the Rinear direct primary bill, which is a duplicate of the Jones bill before the house. All members of the committee except one signed the report.

STORM CENTER SHIFTING

Ship Purchase Bill Moves Over to
Senate Today.

(By United Press.)

Washington, Feb. 17.—The storm center of the ship purchase fight shifted along new lines today from the senate to the house.

Following passage early this morning by the house, 215 to 131, of the compromise administration bill under a "gag" rule, a new campaign was instituted by senate Democrats.

Revolutionary and unprecedented "strong arm" methods it was rumored, might be resorted to to choke off the opposition, regardless of senate rules before the week ends.

SENATE KILLS PRIMARY BILL.

(By United Press.)
Indianapolis, Ind., Feb. 17.—The senate late this afternoon voted 23 to 21 to adopt the report of the elections committee indefinitely postponing the Rinear primary measure, thus killing the bill.

Indianapolis, Ind., Feb. 17.—The state-wide, direct primary was given a fighting chance by the house today when the Jones bill was passed to third reading. An amendment by Jones to make the bill conform in detail to the Democratic pledge was adopted unanimously.

The senate was expected to vote late this afternoon on the motion to adopt the unanimous committee report killing the Rinear bill which is an identical bill. Jones will continue to press his bill regardless of senate action.

While the house was very friendly and acted quietly friends and foes of the senate bill looked in vigorous debate for two hours before noon and continued the argument this afternoon.

When the bill reached the house on divided committee report Representative Niblack asked that it be sent to third reading so that the issue may be fought out on final passage. Representative Jones then explained his bill and offered the amendment which fixed the state convention before instead of after the primary. There was practically no opposition to the adoption of the favorable report.

Rinear of Bluffton opened the senate fight.

"Let the people vote for what they want. Are you afraid to trust them? I am not. We should not break the platform pledge and I protest against the action of the committee."

Senator Chambers of New Castle said that as far as the pledge was concerned if it was broken the senate would only be following the example of Senator Kern and the Washington administration.

"The resolutions of the convention was broken by letters from Washington into including the primary plank," asserted Senator Hazen, of Booneville.

"The tricky Republicans can refer

The Charm Of the Face Veil

Every woman knows that a veil on the hat is as great a lure to the face as is a fan to dainty hands.

The most fascinating of trifles of adornment is to-day of great importance to the costume.

While veils of all descriptions are being worn, the bordered veil that stands away from the small hat is greatest in popularity, and there is no question but what it adds that indescribable "touch" so noticeable in the smartly groomed woman.

A large assortment of veils is being displayed in the best stores in town, and these stores are advertising regularly in the columns of The Daily Republican.

JAIL PRISONERS HAVE "BEER PARTY" ON FRUITS OF YESTERDAY'S RAIDS

Frank Butts, Who Was Working in
Corridor, Plays Bartender for "De
Gang" When Sheriff Leaves

BOTTLES HIDDEN IN BEDS

The life of a prisoner at the county jail is very monotonous at its best and the prisoners always welcome a change in the routine. A chance for the change came late yesterday afternoon. Sheriff Cavitt let Frank Butts, who is serving time for "boot-legging," out in the main corridor to do some cleaning, and while he was at work the police brought in the fruits of two raids, a keg of beer from the Eagles and a barrel of bottled beer from Newt Casey's home.

Butts went on about his work, but as soon as the police left, the "party" started. Butts played bartender for the other prisoners. The others in jail are Omer Brown, Chase Taylor and Greely Perkins. They all took turns "buying a drink" and with Butts dishing the beer out, first from the keg and then by the bottle, the men were having a great time until Sheriff Cavitt appeared on the scene and "busted up" the party.

A search of the cells revealed many bottles of Casey's beer concealed in the bed clothing, as the prisoners laid in a supply for today. This is the second time the prisoners at the jail have been treated to "booze." Some time ago one of the prisoners got hold of some whiskey that had been taken in a raid and they all had a time.

ONE WEAK SPOT

Many Rushville People Have a Weak Part and Too Often It's the Back.

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist.

Dull aching keeps up, day and night. Backache is often from weak kidneys.

In such cases a kidney medicine is needed. Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills. Good proof of merit in the following statement.

Hiram Whalen, R. R. No. 1, Circleville, Rushville township, says: "Doan's Kidney Pills are a fine remedy and we always keep them in the house. I had pains in my back, that made it hard for me to straighten after stooping and my kidneys caused me a great deal of trouble. Doan's Kidney Pills stopped the pains and aches and regulated the kidney action."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Whalen had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

to that plank as much as they like but I will vote as I darned please," said the Boonville editor.

Senator Robinson, Republican leader, read the Democratic platform plank for direct primary without comment.

"I am very tired of this talk about an overwhelming sentiment for the direct primary," said Senator VanAnken, chairman of the elections committee, in explaining the unanimous report of the committee.

"I sent open letters to every paper in my district asking for letters on the primary and I got only two favorable replies."

He asked that the senate kill the bill at once "because all of you know there aren't enough votes here to pass it."

Senator Ballou made a fervid speech for the bill. He also paid a tribute to Thomas Taggart saying the leader would not oppose the bill if he saw it from the viewpoint of being their pledges at the people. He said Taggart's reputation was based on his integrity.

GRAIN SLUMPING AGAIN

May Wheat is Two and Three-Quarters Cents Lower.

Chicago, Feb. 17.—Grain prices slumped on the stock exchange here today. May options on wheat showed a loss of two and three-quarters cents, closing at \$1.60 per bushel, and July option were quoted at \$1.32 1/8 at the close, a loss of four and one-quarter cents. May corn closed at .77 1/2 cents, a loss of one and one-half cents, and July corn at .79 1/8 cents, a loss one and five-eighths cents. May oats were quoted at the close at .59 1/2 cents and July at .55 1/2 cents respectively of one cent and one and three-quarters cents.

EVEN MOON WON'T BE FULL IN LENT

World's Lantern Bearer Takes Pledge For This Month and Will Stay Sober For Once.

FULL TWICE IN JANUARY

Even the man in the moon has caught the Lenten spirit this month, and will postpone his monthly spree. He won't be full in February. He was full last on Jan. 30 and is scheduled to repeat March 1, but as for February he has taken the pledge.

This remarkable act is unusual for the world's lantern-bearer. It may be accounted for by the fact that he was full twice in January, getting a very bad start New Year's day. The weather observations of the unlucky reveler predicts he will have two sprees in March.

History shows that the man in the moon hasn't sworn off even temporarily since 1866, which was said at that time to have been the first since the dawn of creation and was prophesied would be the last time for a million years. His repetition of the total abstinence vow so soon after the first trial and subsequent fall is encouraging evidence that the universe is becoming better.

CLAIM SWEEPING SUCCESS

Austrians Win Victories in Carpathians and Bukovina

(By United Press.)

Vienna, (Via Berlin and London, By Wireless), Feb. 17.—In an official statement issued today the Austrian government claimed sweeping successes in the Bukovina and Carpathian battles.

In Poland and Galicia the report says, only artillery conflicts are now in progress. In the Carpathians the fighting continues without cessation despite the fact that the ground is covered with two feet of snow. Several day and night attacks by the Russians have been repulsed with heavy losses and 400 prisoners have been taken.

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me. — "I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial." — Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis. — "At the Change of Life I suffered with pains in my back and joints until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since." — Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

COMMITTEE GETS ADVICE
Purchase of Interned Ships Was Not Contemplated, it Hears.

(By United Press.)
Washington, Feb. 17.—Purchase of interned ships was never contemplated by this administration under the ship purchase bill, Barnard N. Baker of Baltimore told the senate ship lobby investigating committee today. He advised against purchasing German ships and declared the only ones suggested were in a list submitted by John E. McCarty, a Boston real estate dealer and ship owner and was not seriously considered.

"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect. Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

GAMBLING BILL CAUSES STIR

State Awakes to Fact That Betting May be Legalized Here for at Least Two Years

IS EXPLAINED BY AUTHOR

Machines Do Away With Book Makers and Public Determines Odds—Ministers Protest

(By United Press.)

Indianapolis, Feb. 17.—Following the action of the senate in quietly passing the Hirsch bill allowing gambling on the races and the statement from the Governor's office in which it was intimated that if this bill passed the house it might be vetoed, the state suddenly awoke to the fact that within a very few days its representatives would decide for two years at least whether gambling is to have the sanction of the state of Indiana.

Ministers in various cities generally denounced the bill before their congregations Sunday. Dr. Haines, pastor of the First Presbyterian church here, declared that the Hirsch bill will establish "summer schools for gambling in every county of the state."

The form of betting allowed by the bill is called the pari-mutual system, and is not generally understood in Indiana. The United Press obtained from Senator Hirsch his defense of the bill and his explanation of what the pari-mutual system is.

"The purpose of this bill is to provide for and regulate pool selling at horse races. We propose to do this through the appointment of a commission. The idea is to restore racing in this state to the high plane that it now occupies in such states as Kentucky, Maryland, New York, Colorado and Louisiana, and other states," said Senator Hirsch.

"The racing commission would have power to revoke licenses where in their judgment races were not being conducted properly."

Hirsch was asked more definitely about the Pari-mutual, or Paris Mutual machine as it is variously called.

"The Paris Mutual machine is made up of complicated computing pinions and gears that compute decimals," he said. "The human factor is entirely eliminated. There is nothing more deceptive than the bookmakers' chalk. The machines can neither cheat or lie, while bookmakers have been known to do both. All who bet place their money in a pool and the holders of first, second and third place tickets receive the pool, less a small percentage for the association conducting the race."

"Posting odds representing the arbitrary opinion of the bookmaker and professional gambler are wholly eliminated. The public thus actually determines favorites and relative chances on the basis of past performances."

Hirsch said his bill has the endorsement of the president of the county fair association, of the superintendent of State Fair Association, of a great number of the best business men of the state and of the breeders of fine horses generally. He outlined some of the results he said would come. He said it would restore horse racing to its former popularity, would tremendously encourage breeding of thoroughbred horses, popularize the county fairs and would insure absolutely fair racing.

FIGHT EXPECTED ON DWELLING BILL

Measure to Give Health Authorities Control Over Single Houses up This Afternoon.

PROVISION OF THE BILL

(By United Press.)

Indianapolis, Feb. 17.—Friends of the Clarke "anti-death trap" bill, which already has passed the senate, expected a fight would be made on it when it came up this afternoon as a special order of business. It was postponed to today on motion of Rep. Brannaman when it came up recently for passage.

The bill, which originated with Mrs. Abbie Fellows Bacon, housing reformer of Evansville, gives health authorities wide powers over single dwellings. It provides that whenever any dwelling or anything about a dwelling, or the lot upon which it is located, or its plumbing, light, or ventilation, is, in the opinion of the health authorities, in a condition dangerous to the health, they may order such changes as they deem necessary. The health authorities may order the building vacated if they think the danger serious. If the local health authorities fail to act, the state board of health may act.

Appeal could be taken to court from the order of the health authorities, but no injunction could be issued until after notice to the health authorities and hearing.

On Saturday, February 20, the administrators of the estate of Harrison Nelson will sell 9 horses, and mules, 45 cattle, 28 hogs, 76 sheep, 4,000 bushels corn, 30 tons hay, and all kinds of farming tools and implements, 12 miles southwest of Arlington. 28916

You are hereby notified that the undersigned petitioners have filed in the office of the Clerk of Rush Circuit Court a petition asking for drainage of certain real estate in Union township, Rush County, Indiana. It is believed that said drainage can be best and most cheaply accomplished by a ditch and drain beginning at or near a point on the south line and midway east and west between the southeast and southwest corners of the west half of the north quarter of Section 23, Township 14, north, Range 10, east, proceeding thence in a northerly direction across said half quarter section and extending on across the west half of the north quarter of Section 14, Township 14, north, Range 10, east, to Turkey Creek, which is a natural water course running in an east and west direction across said last described tract of land.

That said drain will affect the following described tracts of land in said County and State, which are herein described with the names of the owners set opposite thereto:
Eva Frantz—The south half of the west half of the northwest quarter of Section 23, Township 14, north, Range 10, east—40 acres. The north half of the west half of Section 23, Township 14, north, Range 10, east—40 acres. The north half of the west half of the southwest quarter of Section 23, Township 14, north, Range 10, east—40 acres. Also the south half of the east half of the northeast quarter of Section 23, Township 14, north, Range 10, east—40 acres.

Herschel E. Daubenspeck and Clarence B. Daubenspeck—The southwest corner of Section 14, Township 14, north, Range 10, east, running thence east 43 rods and 5 feet; thence north 75 rods and 18 feet to the railroad right of way; thence in a southeasterly direction along said right of way 59 rods and 6 feet; thence south 34 rods and 12 1/2 feet to the place of beginning.

Joseph S. Vandament—The north half of the west half of the southwest quarter of Section 14, Township 14, north, Range 10, east.

Laura and Joseph S. Vandament—The south half of the west half of the southwest quarter of Section 14, Township 14, north, Range 10, east.

Robert N. Hinchman—The south half of the east half of the northeast quarter of Section 14, Township 14, north, Range 10, east.

Arthur Looney—The north half of the west half of the northeast quarter of Section 23, Township 14, north, Range 10, east—40 acres. Also the south half of the west half of the northeast quarter of Section 23, Township 14, Range 10—40 acres.

William M. Blackledge—The south half of the west half of the northeast quarter of Section 23, Township 14, Range 10—40 acres. The north half of the west half of the northeast quarter of Section 23, Township 14, Range 10—40 acres.

Claude B. Hunt and Theodosia Hunt—The north half of the west half of the northeast quarter of Section 23, Township 14, Range 10—40 acres.

Charles S. Clifton, Jacob J. Clifton, Alva C. Ward, Julia Turner, Roy Clifton, Sarah E. Stevens, Margaret L. Jarrett, Clement L. POPULARITY IS RETURNING

Freddie Welsh Continues to Take

Whippings From American

Battlers Over Short Routes

BY HAL SHERIDAN

(Written for United Press.)

New York, Feb. 17.—How many

more times does Freddie Welsh, the

British holder of the lightweight title

have to be licked by American as-

pirants before he loses his crown?

Easy. Just as many more times as

the public will shove its ducats

through the box-office window to

watch ten round no-decision affairs.

Up to date the Englishman has

been whipped, in the opinion of the

experts by four American conten-

ders for his title. Yet the crown

rests with him. Charles White wal-

loped him in Milwaukee, Joe Shugrue

has beaten him, Jimmy Duffy out-

pointed him in Buffalo and Johnny

Griffiths outfought him in Akron, O.

And there is a strong suspicion in

many quarters that there are two

or three more Yankee battlers who

could give him the gate particularly

Willie Ritchie, whom he uncrowned

and whom he is matched to fight

next month and Johnny Dundee.

Welsh has now been a champion

almost a year, and he never has

fought a decision fight since he won

the title.

He has fought plenty of battles,

but he and his manager, H. Connolly

Pollack, are shying away from any

distance jaunts where a decision is

involved. Why? Is it because they

know the Welshman is not a real

champion?

Jack Dillon, the Indianapolis

"man-killer," should be in line for

several more good bouts in the East.

His last appearance was against

Porky Flynn in Brooklyn and he

fully demonstrated that he is entit-

led to the voracious names he has

had conferred on him. Dillon hasn't

been very popular in these parts for

some years. It was all due to a

rotten show he put on here with

Frank Klaus, but it is almost for-

gotten, now and loud was the praise

of the Hoosier battler following the

Flynn battle.

Dan McKelrick is making much

out of the fact that his man Young

Albarn, was awarded a popular de-

cision over the Indiana boxer in a

six round bout in Philadelphia. He

is using it in his publicity propa-

ganda freely.

The present council can find no

record where Madden was ever em-

ployed and Mr. Kelley and Orme

told the council the circumstances.

He was to get \$60 a month and the

council to pay his room rent. The

present council has never been able

to figure out how Madden had \$130

coming when he was working less

than two months. It is understood

that he is willing to take an amount

THIS WOMAN WAS VERY UNHAPPY

Physically and Mentally Worn Out—Tells How Nervous and Crying Spells Were Ended by Vinol.

Monmouth, Ill.—“I was weak, worn-out and nervous. I had no appetite and was getting so thin and discouraged, one day I just broke down and cried when a friend came in and asked me what was the matter. I told of my condition and how nothing I took seemed to do me any good. Vinol was suggested. I got a bottle and before it was half gone I could eat and sleep well. I continued its use and now my friends say I look ten years younger, and I am well, healthy and strong. I wish I could induce every tired-out, worn-out, nervous woman to take Vinol.”—Mrs. HARRIET GALE, Monmouth, Ill.

There are many over-worked, tired-out, careworn, nervous women in this vicinity who need the strengthening, tissue building, and vitalizing effects of Vinol, our delicious cod liver and iron tonic, and so sure are we that it will build them up and make them strong that we offer to return their money if it fails to benefit.

Vinol is a delicious preparation of the extract of cod liver oil and peptonate of iron and contains no oil.

HOW DOES THE REAR AXLE OF YOUR CAR "SOUND" AND ACT?

Is it noisy, loose and does it seem to "gather together" before the car moves, instead of acting noiselessly and as a single unit?

Every car's "rear end" should be overhauled once a year and the brakes should be relined—if you want to enjoy safe, "worry free" motoring and have brakes that HOLD.

Now is the time to have US do the work—here in a first class shop where ALL the work is done by skilled mechanics. Our Charges are Moderate.

SHOW UP IN THE DEATH COLUMN

Continued from Page 1.
than they were before the treatment.

Dr. Coleman said that the county tuberculosis hospitals, provided for in a law passed by the last legislature, were not proving satisfactory because tuberculosis patients could not be induced to go into them for treatment. He said the one at Terre Haute was to be closed in the spring and that the visiting nurse system would be used instead. After all, he declared, this system was the best for the rural communities.

Dr. Coleman said the greatest difficulty those working to rid the country of the disease found was the disinterested attitude of the people. He recalled that nearly everyone avoids reading or hearing about the disease because it is unpleasant. He said some persons afflicted would take the advice and follow it so they could recover but that so many persons disregarded the proper methods to be used. He told of one man in Rushville who was told he had the disease but who thought he would get along better by drinking whiskey. He drank whiskey and now he is ready to die. Dr. Coleman recalled another Rushville man who has been afflicted with the disease for some time and allows his baby to be with him all the time. Dr. Coleman said that man could not be made to understand that his baby was sure to be infected.

Dr. Coleman said there was another phase of the work—social service—which goes hand in hand with the fight against tuberculosis. The people who are most commonly afflicted with tuberculosis, he said, must be taught to live better and must be shown how to care for the sick. Dr. Coleman said that not more than one-fifth of the time of the visiting nurse here was taken with tuberculosis patients.

Dr. Coleman said there was a plan under way in Richmond to furnish a doctor and nurse free with each case of tuberculosis. Practically the same thing is in effect here, Dr. Coleman said, because there is a visiting nurse and a doctor can always be obtained even if it is a charity case. He recalled that a great majority of the tuberculosis patients were charity cases because the disease exists more often in families where proper living standards are not observed.

In answer to the question, is there tuberculosis in the schools? Dr. Coleman said there was, of course, but that it was seldom recognizable in children. He said it had been determined that most infection comes in childhood and the disease may not reveal itself until the child is grown and the vitality is lowered by some other disease. Dr. Coleman cited local examples of this.

Dr. Coleman spoke briefly in reply to a question of methods of infection. He said infection was believed to come more frequently from food supply. Food we eat, he said, might be handled by someone with tuberculosis. Dr. Coleman said the idea was about exploded that there was any danger in dust.

He laid down the rules for correct living as the best way to prevent as well as heal the disease. They were proper nourishment, proper rest and plenty of fresh air.

LENTEN SEASON IS HERE TODAY

Beginning Today Ash Wednesday,
Catholics Will Observe Lent,
Ends Easter Sunday, April 4.

RULES LAID DOWN BY CHURCH

Members Over Twenty-One Years
and Under Sixty Years Are
Required to Fast.

Today, Ash Wednesday, ushered in the Lenten season, which continues for forty days—not counting Sundays—until Easter Sunday, which this year falls on the first Sunday in April, the fourth. During Lent members of many churches refrain from many pleasures which they ordinarily enjoy.

Among devout church-goers during Lent, no formal entertainments are given or attended, all frivolity is avoided and self-denial in the matter of eating is practiced. The observance of Lent dates from Apostolic times and was instituted in memory of the forty days of the Lord's fasting.

The ancient ceremony of distributing the ashes of penance was observed in St. Mary's Catholic church this morning and will be repeated this evening. The sign of the cross is made with ashes upon the forehead of each person and these words pronounced: "Remember man that thou art dust and unto dust thou shalt return."

The custom is a very old one, continuing, of course, the Old Testament practice. During Lent there will be special services at St. Mary's church on Wednesday and Friday evening. On Wednesday an instruction in some doctrinal subject and on Friday the Way of the Cross will be followed.

St. Mary's church has received the regulations to be followed during the period which were issued by Bishop Francis Silas of the Indianapolis diocese. They were read Sunday and are as follows:

1. All the faithful over twenty-one and under sixty years of age are, unless legitimately dispensed, bound to observe the fast of lent.
2. They are to take but one full meal a day Sundays excepted, which meal should be taken about noon.
3. Both fish and flesh are not to be used at the same time, even by way of sauce or condiment, Sundays included.

4. A collation is allowed in the evening. No general rule as to the quantity of food permitted at this time is or can be made; but the practice of the most regular Christians is never to let it exceed the fourth part of an ordinary meal.

5. The use of butter, eggs, cheese and milk at the evening collation, where this is the custom, is tolerated by the church on account of the existence of such custom. For the same reason it is lawful to take with a cracker, in the morning, a cup of tea, coffee or thin chocolate, with a little milk.

6. The use of lard instead of butter is permitted in preparing fish, vegetables, and the like.

7. The following are exempted from the obligation of fasting: Young persons under twenty-one years of age; those who have completed their sixtieth year; the ill; pregnant women or those nursing infants; persons who are obliged to labor hard, and all who, through weakness, can not fast without injury to their health.

8. By dispensation, the use of flesh meat is allowed at any time on Sundays and once a day on Mondays, Tuesdays, Thursdays and Saturdays, except on Saturdays of Ember week and on Saturdays of Holy week.

9. Persons who are exempted or legitimately dispensed from the obligation of fasting are not bound by the restriction of using meat only at one meal on the days on which its use is granted by dispensation.

10. The Holy See, by an indult of March 15 1908, empowered the bishops for ten years to grant to manual laborers, if, in their judgment, circumstances call for it, a dispensa-

tion from abstinence on all days in lent or out of it, except on all Fridays during the year, on Ash Wednesday in Holy week and on Christmas eve. This permission also extends to all the members of the families of such manual laborers. Those however, who are bound to fast can eat meat only once a day, on fast days and must not use at the same meal meat and fish or oysters. Those thus exempted we exhort to some spiritual work; for example, saying the third part of the Rosary on days when they do not abstain, or giving alms to the poor, or mortifying themselves by not drinking what they might rightly use.

DIES AT AGE OF FOUR SCORE YEARS

Ralph Shelton, Father of Former
Trustee Jesse Shelton of Wal-
ker Township, Expires.

BORN AND REARED IN COUNTY

Ralph Shelton, 80 years old, a well known resident of this county, died Tuesday morning at the home of his son, Jesse A. Shelton, in Ma-nilla. Mr. Shelton had been ill for about one week suffering from pneumonia. His death came unexpectedly to his friends as it was not known he was in a critical condition.

Mr. Shelton was born in Posey township and lived there for sixty years. He celebrated his eightieth birthday the first day of last October. He had lived in Walker township for twenty years and since the death of his wife, August 24, 1914, he had lived with his son, who is the only surviving child. Mr. Shelton was a member of the Christian Union church.

The funeral services will be conducted Thursday morning at ten-thirty o'clock at the late residence by the Rev. James L. Brown and burial will take place in East Hill cemetery, Arlington.

AUTOS COLLIDE.

The automobiles driven by Harry Trabue, of this city, and Ed Jackson, of near Raleigh, collided yesterday afternoon at the corner of Eighth and Main streets but the occupants of the machines escaped injury. Trabue was going west in Eighth and Jackson south in Main street when they collided. The fenders of both machines were badly smashed.
